

Recent 'Dutch' Patent applications September – December 2009

P.J.L.M. Quaedflieg, T. Nuijens, J.G. de Vries, H.A. van Kalkeren, *Boron catalysed peptide synthesis*, EP2107067A1, DSM IP Assets B.V., 07.10.2009.

D. Minoux, N. Nesterenko, W. Vermeiren, S. van Donk, G. Grasso, J.-P. Dath, *Process to make olefins from ethanol*, EP2108637A1 and EP2108635A1, Total Petrochemicals Research Feluy, 14.10.2009.

D. Minoux, N. Nesterenko, W. Vermeiren, S. van Donk, J.-P. Dath, *Dehydration of alcohols in the presence of an inert component*, EP2108636A1, Total Petrochemicals Research Feluy, 14.10.2009.

D. Minoux, N. Nesterenko, W. Vermeiren, S. van Donk, J.-P. Dath, *Dehydration of alcohols on crystalline silicates*, EP2108634A1, Total Petrochemicals Research Feluy, 14.10.2009.

E.J.M. de Boer, H. van der Heijden, Q.A. On, J.P. Smit, A. van Zon, *Ligands and catalyst systems for the oligomerisation of olefinic monomers*, EP2114967A1 and EP2125845A1, Shell Internationale Research Maatschappij B.V., 11.11.2009.

P. O'Connor, J.A. Moulijn, *Improved process for converting carbon-based energy carrier material*, EP2115097A1, BIOeCON International Holding N.V., 11.11.2009.

A.N. de Munck, B. Compton, J. Lyford IV, A.G. Oskam, K. Bandstra, B.J. van der Veen, R.F. Caers, *Batch esterification*, EP2121560A1, ExxonMobil Chemical Patents Inc., 25.11.2009.

J.G. de Vries, G.J. Kwant, H.J. Heeres, *Continuous Chemical Processes in Centrifugal Contact Separators*, US20090298141A1, DSM IP Assets B.V., 03.12.2009.

P. O'Connor, D. Stamires, J.A. Moulijn, *Process for converting carbon-based energy carrier material*, US20090308787A1, BIOeCON International Holding N.V., 17.12.2009.

P. Kubanek, B.W. Hoffer, E. Schwab, J.-P. Melder, *Method for producing an amine*, US20090312579A1, BASF SE, 17.12.2009.

J.G. de Vries, L. Lefort, P.H. Phua, *Use of dissolved iron nanoparticles as catalyst in addition reactions*, WO2009150173A1, DSM IP Assets B.V., 17.12.2009.

P. Kubanek, B.W. Hoffer, E. Schwab, J.-P. Melder, H. Evers, T. Gerlach, *Method for producing an amine*, US20100010264A1, BASF SE, 14.01.2010.
